

## St. Mary's River Association Summer Update

Jenny Kaiser

Riddle of the day:

Two fathers and two sons went fishing. They each caught a fish. In total, they caught three fish and none of them caught the same fish. How is this possible?

Hi everyone! As promised in the last article I have some updates and events that are quickly approaching us! Check out our new website at [stmarysriverassociation.com](http://stmarysriverassociation.com) and like us on Facebook (St. Mary's River Association) to stay up to date with everything happening at the Interpretive Centre and on the river!

Recently, we had a bird walk through Stonewall Park. It was very well attended and everyone had lots of fun. For a full list of species and numbers check out our NEW website at [stmarysriverassociation.com](http://stmarysriverassociation.com). From the home page, click Recreation and then Birding. The Birding Club is in partnership with the Sherbrooke Library and they are always looking for new members.

An exciting butterfly display is in the works for the SMRA Interpretive Centre. Earlier in the season, members built a butterfly garden in hopes of spotting some butterflies. In the gardens we have hostas, bee balm, and pansies. So far, the deer seem to enjoy the hostas more than the butterflies do! The display should be ready and up for everyone to enjoy very soon!

With that being said, I can't forget to remind you of our upcoming events. We have our annual yard sale scheduled for July 1<sup>st</sup> at the Interpretive Centre. With donations coming in almost daily, its sure to be a good one with lots of treasures for everyone! The sale will run from 9AM until 2PM! Donations are still being accepted and can be dropped off at the Interpretive Centre daily from 9-4:30.

The month of June, so far has been very cold and rainy but don't let the weather dampen your travel plans! Be sure to stop into the SMRA Interpretive Centre to have a look at the exhibits and artifacts we have on display. If you wont be around for our Canada Day yard sale, don't worry we have yard sale items out all the time! You never know what you'll find at the Interpretive Centre! We are located at 8404 Highway #7 (across from the Provincial Picnic Park). Admission is by donation.

Answer:

There are two fathers and two sons. There is a grandfather with his son who is also a father. So there is a grandfather, father, and son. Technically, only 3 people that make up 2 fathers and 2 sons.
